# NEW PRODUCT CATALOG SUPPLEMENT

## AFF 20 TON HEAVY-DUTY JACK STAND

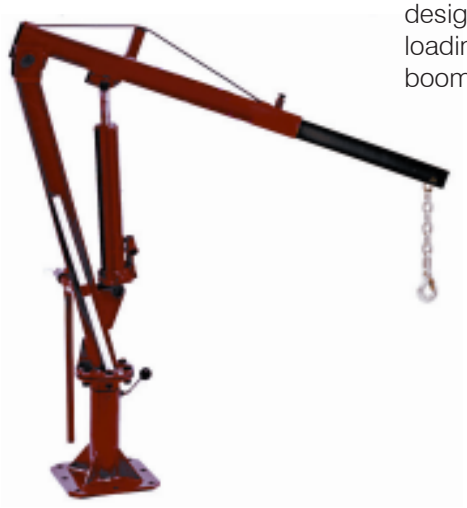
### Model 3314

Our new AFF Model 3314 20 Ton Capacity Heavy-Duty Jack Stand can handle the vehicle support needs of any fleet, construction or other heavy-duty equipment repair shops. Its "forge-tough" construction gives it rugged durability and it just looks "heavy duty!"

- Efficient pin-type post with four height adjustments
- Supports at levels from 12" to 20"
- Large 3" x 3 7/8" saddle
- Stable 10" x 10" steel base
- Exceeds ANSI standards for performance and safety
- Balanced carrying handle
- Sold individually
- One year AFF warranty
- Ship weight 52 lbs.

## AFF 1/2 TON CAPACITY TRUCK-MOUNTED CRANE

### Model 3586A



The new AFF Model 3586A 1/2 Ton Capacity Truck-Mounted Crane is designed for mobeile lifting applications using a pick-up truck, flat bed or loading dock installation. Its rugged hydraulic ram and 360° swiveling boom makes load lifting faster, easier and more efficient.

- Heavy-grade steel construction
- Boom adjusts from 36 1/2" to 53" with full 1000 lb. capacity at 36 1/2"
- Crane swivels a full 360°
- Hydraulic operation provides easy lifting to the desired height
- 79" maximum boom height
- Heavy-duty chain with grab hook
- One year AFF warranty
- Ship weight 82 lbs.

## AFF 24 GALLON WASTE OIL DRAIN AND EVACUATOR

### Model 8895

The new AFF Model 8895 24 Gallon Waste Oil Drain and Evacuator combines the reliability and ease of operation of our popular Model 8890 with the convenience and efficiency of vacuum extraction for easier draining of engine, transmission, differential or transfer case fluids. It includes a large 16" collection bowl (4.8 gallon capacity) along with a set of six flexible probes and three Mercedes, BMW and VW adapters.

- 18 gallon suction capacity
- 100-115 PSI air supply required
- Suction extraction at 0.5 gallons per minute
- 78" suction and drain hoses
- Self-evacuation makes emptying easy
- 70.8" maximum height
- Six flexible evacuation probes
- VW, Mercedes and BMW adapters
- One year AFF warranty
- Ship weight 93 lbs. (truck only)

(Not exactly as shown)

## AFF 50:1 AIR-OPERATED PORTABLE GREASE UNIT (55 gallon)

### Model 8650A

The new AFF Model 8650A 50:1 Air-Operated Portable Grease Unit is designed for professional vehicle and equipment maintenance facilities where 55 gallon grease drums are used. The high-pressure pump has a maximum free-flow rate of 1.76 lbs. per minute. The Model 8650A also includes a heavy-duty cart to help efficiently position the unit where it's needed.

- Non-corrosive 50:1 pump moves grease up to NLGI #2
- Requires 100-115 psi air pressure
- Air consumption 4.3 cfm at 115 psi
- 1.18" diameter suction tube
- Grease control valve develops up to 8700 psi
- Unit includes heavy-duty "Z" swivel, drum cover and follower plate
- 13-foot 1/4" pressure hose
- Heavy-duty, zinc-plated drum cart with two large wheels and two casters
- One year AFF warranty
- Ship weight 84 lbs. (UPS capable)

# AFF 10 TON CAPACITY AIR/HYDRAULIC FOOT PUMP

## Model 802A

AFF's latest addition to our family of hand- and foot-operated pumps, the new Model 802A provides the same features and specifications of our popular Model 802 but now with a lightweight, high-density plastic resevoir.

- Air/hydraulic pump develops up to 10,000 PSI pressure
- Converts all AFF rams from manual operation
- Allows quick displacement of up to 54.08 oz. of hydraulic fluid
- Foot pedal delivers smooth, well-controlled flow
- 10" L x 8 1/2" H x 5.75" W
- One year AFF warranty
- Ship weight 15 lbs.

# Equipment and a Company That Work Hard for You

Since 1963, American Forge and Foundry (AFF) has offered a full selection of "forge-tough" automotive and heavy-duty vehicle service equipment necessary to meet your customers' lifting, lubrication and material handling needs across the United States.

AFF and Viking products are known for their quality, value and performance. We source all over the world to find the highest quality equipment at the best possible price. Our products are domestically tested to meet AFF's high quality goals and exceed ANSI standards for performance and safety. It's common to find our jacks and shop equipment still in active duty after many years of service. That's why thousands of professional vehicle technicians depend upon the durable AFF brand to help them get their daily work done more efficiently.

Like our equipment, you know that our AFF staff gives you dependable service that is truly second to none. We work hard to make it easier for you to work with us. Answers to your AFF product questions are just a fax, phone call or e-mail away. AFF has highly knowledgeable representatives to increase our local presence across the country. If necessary, parts and repair services are easy to find through over 250 AFF service depots nationwide. You'll also find our order fill rate impressive.

The new products in this catalog supplement continue American Forge and Foundry's long-standing tradition of providing you with reliable, dependable shop equipment. As always, we're proud to serve you.
